

Printable Flyer Options 22 Sample Tour Lane

IMPORTANT PRINTING TIPS

Before you start, click "Important Printing Tips" for instructions and helpful tips on printing high quality flyers. *It will make a big difference in the final look of your flyers.*

To View and Print flyers, click on the thumbnail for the respective design. NOTE - The flyer's final appearance will be determined by the amount of information entered for the property.

A.) Information including: Price, Banner Point, GPS Coordinates, Written Comments, and Detailed Specifications can be Updated or Added through the "Update Tour Information" option.

B.) The images that are displayed are based on the photography package ordered for the property, and the order the images appear on the tour.

C.) **NEW IMPROVEMENT** - Once you click on the thumbnail image for the respective layout option, you can select specific images from the tour to be displayed on the flyer for printing.

Click the "Address Options" button above to return to the page where changes for A.) & B.) can be made.

PLEASE NOTE - Design features including Contact Information, Client Photo, Company Logo, and Border Color are based on information in the client's profile for display on the virtual tour. Please contact your tour producer for changes to these areas.
